DIRECTIONS

1. Begin painting the Dollar Tree Plastic Animal Figurine of choice with Smooch®. Heat set the ink to dry (be careful to not overheat and melt your animal!)
2. Apply as many different colors and patterns to your animal as desired. Heat set to dry.
3. To make the party hat, trim a circle out of paper about the size of a half dollar. Then make a straight cut half way through the circle.
4. Place a few strips of EZ Runner tape to one side of the straight cut. Hold each side of the straight cut and roll the taped side under the un-taped side and pinch to secure. Trim any unwanted, excess paper from the cone.
5. Bedazzle the cone with Smooch®, Glitter and finish by adhering a Pompom with Quick Grip.
6. Adhere the party hat to your party animal with Quick Grip.
7. Party with your animals!
